House and yard are considered part of the studio if desired. Photographs will be posted at [www.jonottphoto.com](http://www.jonottphoto.com) for viewing and purchase. Clients will not receive a CD.

### On location portraits:

The base price for on location portrait pricing is the same as basic studio and al la carte pricing within Bourbon County. Depending on distance outside of Bourbon County, a small travel fee may be added on. On location sessions generally include one photographer with a camera and camera mounted flash. In some cases you may wish to have studio lighting in your home. This means I basically bring the studio to you. If this is the case, additional fees will be determined at that time. If you are planning of the portrait session being somewhere other than your property, (farm, public place, historic site, etc.) it is your responsibility to find out if our session will be permitted.

### OTHER SERVICES

We do not only photograph of people! If you want to showcase your farm, home, business, etc. with professional photography, we are happy to be at your service. Pricing is the same as on location portrait pricing. We will also handle some publishing needs. If you want our photographs included on such things as notecards, fliers, postcards, etc. we will be happy to design and order these things for you. Pricing will depend on your order but will at minimum include the base photo shoot.

### PRINT ORDERING:

Whenever possible, prints should be ordered from [www.jonottphoto.com](http://www.jonottphoto.com). Orders are fulfilled by a professional printer. Specialty services, such as canvas gallery printing, and framing are available from the website.

In the event that you do not want to order from the website, we will place your order for you. A minimum order of \$100 is required and a fee of 20% will be added to your order based on our "d300hires" price list.

Professionally printed albums are also available. These items are time consuming to design and produce. Prices range from \$150 for a 10 page 4x6 leather album to \$500 for the 40 page leather 10x10 album.

*This price list should be considered a general reference only. Some jobs are larger or smaller than others, and pricing will be adjusted as needed. This price list is not guaranteed and subject to change without notice.*
